

# MOËL

**Design by**  
Inga Sempé

## Description

With the exception of its all-enveloping back, Moël draws heavily on Ligne Roset's longstanding expertise in the field of all-foam models. With its generous comfort underlined by its soft, rounded shape, Moël will appeal most to lovers of an informal, relaxed lifestyle, who want to welcome their friends in the most convivial way possible. Not forgetting, of course, that Moël does not look like any other seat in existence.

quilting. Rear of back is in the shape of the corolla of a flower, and is held in place by metallic zips: this can be made up in Kyoto or Oregon hides or Divina or Coda fabrics. Covers are held in place by velcro and zips, and are fully removable.

#### FABRICS

'Inside' covers are ordered independently of the exterior 'corolla', thus making bicolour (or bi-material) interpretations a possibility. Footstools can also be bicolour: Inga Sempé recommends using the same covering material on the sides of the footstool and the corolla of the armchair or settee, and a different one for the front, back and top of the footstool and the 'inside' covers of the armchair or settee.
